

April 2014

To: Whom It May Concern

We used IMI for a renovation of two Marriott Fairfield Inn properties in Fairborn, OH & Albany, NY. On both projects, IMI supplied the tub surrounds per the Marriott spec. They provided all the cut sheets needed to make the purchase and install the seamless. I thoroughly enjoyed working with them and would definitely consider IMI for future projects. Their products were great quality and I would highly recommend them.
